

**THE BASIC SCIENCE RESEARCH
SUBCOMMITTEE INVITES YOU TO THE**

Pediatric Neurosurgery Basic Science Collaboration & Networking Session

Objective:

- To facilitate new collaborations
- Provide guidance for early career neurosurgeons who are establishing their research programs.

Program:

- Short scientific talks highlighting opportunities for collaboration
- Presentations from NIH-funded faculty, guidance on K & R applications.

All welcomed:

- This event is generously sponsored by the Hydrocephalus Association, but is not exclusive to hydrocephalus researchers
- Faculty, fellows, and residents welcomed
- Food and beverage will be provided
