

NEUROSURGERY

OFFICIAL JOURNAL OF THE CONGRESS OF NEUROLOGICAL SURGEONS

MICHAEL L. J. APUZZO, M.D., Editor
Phone: (213) 226-7421, Fax: (213) 226-5897

Dear Colleague:

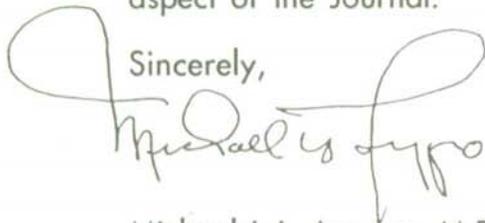

I am pleased to announce that starting early in 1995, **Neurosurgery** will be available on CD-ROM.

At a time when we're all being asked to do more with less, this is particularly good news. This version of the journal will offer you everything that is in **Neurosurgery**, plus a lot more.

In addition to three full years of the Journal, the publishers have equipped the CD with retrieval software that allows you to search for any name or topic you choose. This system is designed to save you time in a variety of ways, and special features--such as the "hot text" link to cited MEDLINE abstracts--will be a boon to researchers and busy clinicians alike. It is easy to learn and operate, as well. Forthcoming issues of the Journal will also be available via annual update disks.

The rest of the Editorial Board and I invite you to take advantage of this new convenient format for storing, re-reading, and researching issues of **Neurosurgery**. As always, we welcome your opinions on this, and every other aspect of the Journal.

Sincerely,

Michael L.J. Apuzzo, M.D.
Editor
