

REPORT To CONGRESS

HEY! HAVE YOU MADE YOUR RESERVATIONS AT THE PALMER HOUSE, AND ALSO MAILED THE CARD BACK TO SECRETARY BLAND CANNON, ADVISING YOUR INTENTIONS TO ATTEND; IF NOT, THERE IS NO TIME BETTER THAN RIGHT *NOW.*

Yes, sir! Chicago it is - the world-famous Palmer House, November 6, 7 and 8. Don't ask your colleague if he is going to be there, just ask yourself, and then let's get those reservations made. Write - Mr. H. G. Finson, Palmer House, Chicago. What a time to celebrate! November 4 will just be past; let's hope this time we have something to celebrate. One consolation at least - Bob Hope will not have the pleasure of repeating his famous "Unpack" telegram to the President as following the last election. November may be a bit cool and chilly in the Windy City, so to the Southerners -- don't forget the "flannels". Doubt that many of us will be venturing far from the hotel so, barring a last-minute Administration seizure of the coal mines, the weather probably won't be a problem.

Seems to me that Hank Svien and the Program Committee have done a very outstanding job, as you can see by the list of tentative speakers on page three. We will reserve congratulations until after November 8, but there seems little doubt that they will be in order. It will indeed be a great honor to have Dr. Olivecrona here, and we likewise are to be privileged to meet Mrs. Olivecrona. Hank advises that guests, including residents, are invited to attend - in fact, should be encouraged. However, if you are bringing a guest, be sure to let the Secretary know. A good time is in store -- don't miss it.

Registration for Congress members and guests will be at 9 AM Thursday, November 6, on the Club Floor; all are urged to register at this time. However, should this not be possible, a registration clerk will be present throughout the entire meeting. Registration for the Ladies' Auxiliary will be at 3 PM Thursday, November 6, in Dining Room #11.

Nat Hollister advises that the 1953 meeting place is set. It will be The Roosevelt in New Orleans on November 12, 13 and 14. Cheer up, Westerners and Easterners -- your day is coming. And I will guarantee that if you've never been to New Orleans, you will have a treat in store. There is some rumor of a possible Havana trip to follow the meeting, but this is a bit nebulous at the moment.

Publications are frequently being written by Congress members. We desire to give credit to these members and suggest that each member at the time of publication so advise the News Secretary and enclose a reprint. A further suggestion is that a reprint be sent to each Congress member if the author so desires.

Ken Abbott has recently been appointed Chairman of the Neurosurgical Section of the International College of Surgeons.

CONGRESS MEETING -- November 6, 7 and 8

Current membership stands at 155. Man, we're gettin' grown-up! Looks like the "labor pains" of the Congress are now over. Tariff for new members has been levied at \$50. That may seem an inflationary figure, but the Congress is making every effort to profit by Uncle Sam's example and do the exact opposite - in other words, we hope to remain solvent. That \$50 will, however, include the first year's dues providing the below proposed amendment is passed. Incidentally, Bland advises me that some of the membership have not paid their 1952 dues. That is payable prior to the November meeting -- in fact, NOW. Get your check in. Don't forget we've got an ocean voyage we are responsible for.

NOMINATIONS

Don Sweeney, Chairman of the Nominating Committee, announces the following panel of officers for 1953:

Vice-President	James R. Gay
Executive Committee	Ira Jackson
	Raymond Thompson

Retiring members from the Executive Committee are Philip D. Gordy and E. C. Schultz.

BUSINESS

Article V, Section I, now reads -- "Before any person shall become a member of the Congress, he shall pay an initiation fee of \$50.00". The following amendment will be proposed: Amend Article V, Section I, to read - "Before any person shall become a member of the Congress, he shall pay an initiation fee of \$50.00. which shall include dues for the remainder of the fiscal year".

All Standing Committees of the Congress will meet for breakfast (and business) Thursday AM, November 6. Members will be notified as to the time and place by the respective Chairman. If this concerns you, please, without fail, arrange your plans so that you may attend this important breakfast meeting.

MISCELLANEOUS

Robert Weyand reports these details in arranging to get loan slides from the Army Institute -- Thanks, Bob, for the information.

"The Armed Forces Institute of Pathology has sets of histopathological slides, accompanied by a list of diagnoses, and a syllabus which are available by loan. The loan period is for two weeks only and the borrower must pay for the expense of shipping the slides. There is one set entitled 'Large Neuropathology' which contains 85 slides, one set entitled 'Small Neuropathology' which contains 50 slides, one set entitled 'Brain Tumors' which contains 50 slides, and one set entitled 'The Encephalitides' which contains 25 slides. In order for a physician to request the loan of these slides it is necessary for him to submit a specific form to the Institute. These forms can be obtained by writing to the Director, Armed Forces Institute of Pathology, 7th Street & Independence Avenue, SW, Washington 25, D. C.; the address should be marked 'Attention: American Registry of Pathology'."
